EDGERTON

Mrs. A. E. Challenger, Mrs. W. Reynolds and Mrs. and Mrs. W. Gilbert were visitors to the city during the week.

Mr. P. Thomas and Mr. McGee of the D.V.A. were business visitors here Tuesday and Wednesday.

Miss A. Knudsen, the district Health Nurse, spent several days at the school.

The ladies bazaar took place on Wednesday and was a very successful event. The banquet was held in the curling rink waiting room which was recently enlarged and modernized. The ladies of St. Mary's and the United Church W.A. did the catering which was very much enjoyed.

Jimmy Miles was home for a short time while en route to Winnipeg to receive his discharge from the R.C. A.P.

George Sawyer was a business visitor to the city.

Mrs. R. Clegg returned home from the city where she has been visiting her mother who has been sick.

The mixed bazaar has been taking place most of the week and is not yet finished.

Rena Stratton has left her employment as stenographer at the bank.

The Annual meeting of the Edgerton and Battle River Telephone Co. will be held next Saturday, March 16th at 2:00 p.m. The directors anticipate spending a lot of money so a good attendance is hoped for.

Chester Bowiby was taken to Edmonton on Sunday morning's flier for medical attention. His mother accompanied him.

Service will be held in St. Mary's Church next Sunday, March 17th. Holy Communion at 10:00 a.m. and Evening at 7:30 p.m.

The Red Cross campaign is now underway and it is hoped that Edgerton and District will respond as readily as in previous years.

The rising generation seems to retire just when the retiring generation is rising.

HEATH

Miss Mary Johnson of Marston was a speaker at the Heath Mission on Sunday afternoon. Her subject was Sudan Interior mission work in Africa to which she expects to return soon.

An orchestra of local talent rendered several selections which were greatly enjoyed during the meeting. A carload of young people from the mission attended the "Youth For Christ" crusade meeting at Wainwright Saturday evening.

Mrs. Smith is visiting her uncle at Armstrong, B.C. Mr. Smith and the R. Messier family spent the week-end at Vermilion.

Mr. Lawrence Gehring of Wainwright was a weekend guest of Mr. and Mrs. Hughes.

Mr. Steenson and daughters motored to Kitscoty for the week-end. Congratulations to Mr. and Mrs. Fred Reles on the birth of their son in the Wainwright hospital.

The former Davis farm has been purchased by Mr. Driscoll of Wainwright and they are busy moving their equipment on to it.

The first car load of horses for the meat packing plant at Edmonton is being shipped from Heath this week by the A.L.C.

SLIGO—MASCOT

Mr. Ivan White returned home on Monday after spending the week-end at Ristone visiting friends and relatives.

Miss Evelyn Ford spent the week-end visiting the Ottas.

Mrs. Richardson and Lola were visitors to the city this week.

FABYAN

Fabyan Pee-Wee hockey team had another game with the Wainwright team this time winning to the tune of 4-1, though the ice being heavy the boys put up a real battle on both sides. Wainwright boys were unable to take advantage of their better skating ability on account of heavy ice, but Fabyan boys seemed to be better fighters in a pinch. Goalkeepers were Tommy Fritz, Vicky Smith, Clark and Keith Steele.

Mrs. J. Marshall is visiting friends in Fabyan.

Mr. and Mrs. Ray Thomson are visiting at the home of Mr. and Mrs. Geo. Maddier. Roy has just returned home from overseas.

Mrs. Joe Craig is a city visitor. Miss Mary Eyles is back at Bacon's since recuperating from her operation.

GERALD

(too late for last week)
Mr. Geo. Christopherson returned on Sunday from his visit to his mother's home in Stanley, Wisconsin and to other relatives in Minneapolis. Mr. R. Deyell has been sawing wood for neighbors in this district during the last week.

The Farm Forum meeting at the home of Mr. and Mrs. R. Deyell on Monday evening was well attended and an interesting discussion on the topic, "What About Export Markets?" took place. After a few games of 500 lunch was served.

(this week)
The Mission Band met at the school on Thursday afternoon with six members and one visitor present. Lucille Deyell presided. Lunch was served by Clara Campbell.

The Junior Red Cross met at the school on Friday afternoon. There were ten members present.

Mr. H. T. Coultas was a visitor at Gerald school on Wednesday morning, March 6th.

The Farm Forum meeting this week was held at the home of Mr. and Mrs. D. Rattray, Jr. After the broadcast and discussion an enjoyable time was had ending with a delicious lunch served by the hostess.

SHEEPSKIN FLATS

Mr. and Mrs. Jones Myer and family visited over the week-end at the home of Mr. and Mrs. L. Tondur. Mrs. R. Swan informs us that Raymond is now working in the mines at Camrose. Good luck to him.

Mr. Vern Templeton was busy last week sawing up his years' supply of wood.

It is nice to see Mrs. Jimmie Templeton up and out again after being ill most of the winter.

The government talk about improving some farm districts by putting in electric lights—why not think of some of us first who have no rural mail delivery, telephones or even roads to travel on after 35 years of residence in the district.

Women's handbags should really open at the bottom, because that's where they always find whatever they're looking for.

In the modern world, it seems there's a place for everything, and nothing is in its place.

The Star does not hold itself responsible for opinions expressed by correspondents. All letters must be signed by the writer of name and should not be longer than 200 words.

March 7 1946

Mr. Editor
Wainwright Star
Wainwright, Alberta

Dear Sir,

In reply to your editorial of March 6th, I too, wish to congratulate the citizens of this community on their showing of the good old community spirit in the many ways mentioned in your editorial. However, there is one group which we do not seem to be reaching namely—"Our Town Fathers"—the Mayor and Council. The Mayor, I believe to date, has not expressed his views regarding the Peace Memorial Centre.

True, the Mayor and Council have promised to donate \$10000.00—"Taxpayer's Money"—when a similar sum has been raised by other organizations. But a group of citizens as interested in our town, (or are they?) as our Mayor and Council, I feel should be contributing too, or else working for this very worthy project which alone will increase the assets of the town by several thousands of dollars and very definitely help to make our good town just that much better. Your Worship—what about it?

A TAXPAYER

Sunnyvale U.F.W.A.

A joint February and March meeting of Sunnyvale U.F.W.A. was held on February 28th at the home of Mrs. Reynolds. A hot lunch was served prior to the meeting.

The president, Mrs. F. M. Ford was in the chair and the meeting was opened with the thought for the month provided by Mrs. Emsay "Prayer is the Key to God's Storehouse."

A letter from the U.F.W.A. director for Battle River was read and discussed. The members voted to hold the conference on June 30th if possible, and were in favor of inviting Mrs. Lowe as the executive member to be present. The secretary, Mrs. A. J. Patterson was asked to order several of the new U.F.W.A. cook books. Letters from Mrs. Ross and Mrs. Lowe were read. Five dollars was voted for the "Gardner Scholarship Fund". Plans were made to serve lunch at the J. Redmond sale.

The new officers for 1946 are as follows:

President—Mrs. Fred M. Ford, Heath
Vice-President—Mrs. W. Warnock, Edgerton
Secretary-Treasurer—Mrs. A. J. Patterson, Heath

The next meeting will be held in April.

For Future Wealth

Today, this year, most people are comparatively prosperous ... Next year, who can tell what conditions will be? It is wise to save now for uncertain times ahead—and encourage others to do so, too.

Mutual Insurance Co. Celebrates Birthday

This year, the Wawanesa Mutual Insurance Company, which was organized in 1896 by 20 broad-minded farmers at Wawanesa, Manitoba, is celebrating the 50th anniversary of the establishment of the organization. The growth of the Wawanesa seems like a fairy tale; at the end of the first year of business the treasury contained \$5.90, and today the company has assets of over \$5,700,000.00 for the protection of its members.

CONTINUATION OF MR. C. THOMAS GUEST SPEAKER AT BOARD OF TRADE

Continued from Page 1
of most conditions requires expert nursing care. Towns like Irma, Edgerton and Chauvin would have considerable difficulty obtaining the services of a doctor in future.

What I fore-see in your area is this. There will be four or five doctors each trained in some specialty located with the hospital in Wainwright and operating as a group. With modern transportation and ambulance service they can give adequate service to the whole area, with office hours several days a week in each town. Such a scheme would probably be expensive at first, but it would make it possible to treat almost all cases right at home as well as they could be treated in a city.

The prime requisite of the whole scheme is a modern hospital with proper operating, X-ray and laboratory facilities. It should be large enough to permit segregation of cases in small wards, and to allow patients to sleep free of noise from case rooms, nursery, operating rooms and people walking about on noisy floors upstairs. It should also contain adequate sitting-room space for up-patients and waiting room space for visitors and out-patients. Construction of such a building should be started at once, the present increase of patients revealing that the present hospital will be completely swamped next year if something isn't done.

As a Board you have a duty of deciding now what the medical future of your district will be. I feel that our people deserve everything that medicine has to give them, and I can assure you that they will get it if adequate hospital facilities are provided. Without those facilities I can only see confusion and small towns trying to operate some sort of a hospital of their own and with the medical personnel that should be concentrated, scattered all over the country.

Gentlemen, now is the time for a decision in this case—please give it your careful consideration as much depends on it.
Thanking you, Sirs, for the time consumed by the reading of this letter, I am
Respectfully yours,
J. D. WALLACE, M.D.

THE TOWN POOL

Some months ago this paper advocated a swimming pool and wading pool for the residents of Wainwright.

We are not sure whether it was pressure of that editorial or whether it was the laudable efforts of the town fathers, but the residents of Wainwright have now got their pool.

True it is not deep enough to swim in, but it makes your feet very cool and wet. We are referring to the disgraceful condition of main street at the corner of third avenue.

Every year it is the same thing. Water collects there from all over town and there it lies, covering the sidewalk, the road and seeping into nearby basements. This occurrence is as old as Wainwright itself and in the past has been a nuisance to patrons of the Post Office that wish to walk along the east side of the street.

If the street drain has frozen why can't this water be disposed of in another way. It could be pumped away with either electric pumps or manually operated pumps, but in either case it could be disposed of.

At present (Sunday) it is impossible to walk along 3rd avenue east as the water lying in the street covers from the skating rink to the doors of the Odd Fellows Hall.

Is this quite fair? We don't think so. After all some privileges should be extended to the taxpayers. Is walking on a public street such a big privilege that should be denied anyone come every spring?

THE 9:00 O'CLOCK CLOSING

Action in the past year has been varied but the trend is to shorter working hours for the employee. Whether this is to be brought about by legislation, unions or voluntarily from employers we are not prepared to say, but likely it will take a little of all three to make it a common practice.

The trend in the smaller town is to close all business premises at an early hour on Saturday nights. This practice has been done in both smaller and larger towns than Wainwright and as yet we have still to hear any real complaint.

True, when the practice was first adopted it caused a bit of hardship because people being strange things didn't believe what they saw or heard. They went to the show, dance, or visited with friends until it was time to get the groceries out (11:00 o'clock), but found the storekeeper wasn't kidding in his proposals of the week previous that the store would close at a certain hour. They went home that week empty handed, not to starve, but no doubt it was a bit difficult making Saturdays roast stretch over the Sunday dinner.

Next week was different, people claimed their groceries before going the rounds of visiting, shows, etc., with no apparent loss of enthusiasm for their trading headquarters.

Many of us will remember the howl that was heard in the past when the Dominion Government placed an hour of sale for the selling of gasoline. This action at first brought many unforgettable cries from farmers organizations, service stations etc. The big question in our minds is, did you see very many cars on the road that were stuck because of the lack of gasoline? We doubt it, mainly because everyone made a special effort to have their tank filled before 7:00 p.m. The same applies to the banks or the liquor store. Both of these places close at a certain time and not very many people are inconvenienced by their action.

Why merchants are expected to stay open until all hours of the night, with lights burning, employees back after supper when they should not have to be some of the questions that might be asked.

It is rather a hard dose of medicine to swallow for some store man or clerk to see a buyer come into the store to order their groceries at 10:30 p.m., when earlier in the afternoon the same buyer had wandered through the store two or three times, or father had been seen coming out of the ten-cent store about 4:00 o'clock. Is it quite fair to wait on people of this nature and above all ask them to smile when doing so?

Different towns our size have early closing by-laws and they are enforced. Vermilion closes, Vegreville closes, Viking closes on Saturday night, why can't we do likewise? True enough some of our merchants have taken the bull by the horns and have dared to do the unprecedented by closing shop at 9:00 p.m. They are setting an example that if everyone will follow, Wainwright will be a much happier town with improved management and labor conditions.

We know it will be argued that Wainwright will lose out to smaller towns and that people from outlying districts will not come to town to do their shopping on Saturday nights. We doubt it, people just don't deny themselves liquor because they have to get it before six o'clock, or they don't stop dealing with banks because they close at 3:00 p.m. (12 noon on Saturdays). No, if the stores will close at 9:00 o'clock there will be no hardships caused because all of our country friends are in town by that time or else they are not coming.

What do you think Mr. Store Keeper, what is your reaction to the aforementioned? Now that spring is upon us, wouldn't this be a good time to take that well earned rest on Saturday nights. Let us break tradition that goes back some thirty years and keep up with today. It can be done because it has been done elsewhere.

In The Legislature

By W. Maconn
 (Too late for last week)

This week in the Legislature we saw a continuation, and the completion of the Debate on the Speech from the Throne.

Many Cabinet Ministers took part in the Debate and gave a resume of the work done in their particular departments.

Honorable N. E. Tanner, Minister of Lands and Mines, outlined the Land for Veterans Scheme. Land available for Veterans falls into one of four classes:

FIRST, those is the Agricultural Lease, under which a Veteran may apply for a half section on a ten-year lease. For three years he receives this free and for the next twelve years he pays one-eighth of the crop. At the end of ten years title is given if the contract has been fulfilled. The Dominion Government makes available credits to the extent of \$2,320, on this type of lease.

SECONDLY, there is the clearing of 100,000 acres in the Northwestern part of the Province. A veteran applies for a half section, pays one-third of the crop for seven years, at the end of which time the title is earned and will be granted at the end of three years more. The federal grant of \$2,320, is available under this scheme as well. Because the federal grant is available here, the title cannot be given to the Veteran until after ten years from the date his application is accepted. This part is a federal regulation.

Then, there is a Land Settlement Scheme in the Irrigation areas, but only one quarter section is available to each Veteran in this instance. As the type of farming in the irrigated areas is extensive farming, one quarter section is considered sufficient.

The fourth plan by which land is made available to Veterans is school land which is not under a term lease. It is available for agricultural purposes. The Veteran must apply by April 15th for this land. Those living nearest to the land have preference. If more than one application is received for the same piece of land, then a draw is made.

A Veteran must make application for a certificate as a Veteran at the nearest Regional Office. This is the place where he also applies for any federal loans available. For the land he applies to the Department of Lands and Mines in Edmonton.

Mr. Tanner pointed out that 1945 marked the greatest oil research year in the history of the Province. Many reservations had been granted covering millions of acres and a great effort is being made in the Province to find new productive fields. \$10,000,000 worth of lumber was produced in this Province last year and demand for lumber production is on the increase.

The Government paid \$10,000 at five cents per pair of legs on crow and magpie legs last year. This was paid out through the co-operation of the Fish and Game Association with its 55 locals.

250 live beavers were trapped last

Success consists of getting up just one more time than you fall.

Progress might be described as the chronological distance between "Oh, you kid" and "Hubba-hubba."

year and then distributed to parts of the Province, where four or no bearers were found. A closed season is maintained on these animals, except for people who have registered trap lines and they are permitted to take up to ten yearly.

Because the wolf bounty has not been a success in the past, it will be increased this year during certain summer months and not payable during the winter months.

The Minister pointed out that high freight rates are still the biggest barrier in the development and production of Alberta coal. 1945 was the biggest output year in the Province, but 1/6 of the coal produced came from strip mines, which is the poorest quality coal in the province. Unfortunately, this was the coal which the Dominion Government have shipped to Eastern Canada, giving the impression to the Eastern buyers that this is a fair sample of Alberta coal. Unfortunately, this action on the part of the Dominion Government has been very poor advertising for the Alberta Coal Mining Industry.

Honorable W. A. Fallow, Minister of Public Works, in his debate pointed out that the road debt of this Province from 1930 to 1935 was \$12,578,000 added to the Public Debt. While the road programme from 1935 to 1940 was done without one cent of debt to the Province. From 1940 to 1945, the restrictions of war made advancement in road building difficult. In spite of this, more miles were built and gravelled than in any five years of the Province's history. The new five-year programme will start as soon as construction can begin. All possible contract construction equipment and all government equipment will be utilized in this programme. Road construction will not be limited by necessary money, but only by the amount of equipment available as far as this year is concerned. More details on the five-year programme will be announced later.

Honorable E. Arnsperg, Minister of Education, revealed that the school enrolment for the past year stood at 152,632, which is higher than the previous year. The average monthly

attendance was better than in the past. Some interesting data was given regarding teachers' salaries which showed that the average salary in divisions for 1939-40 was \$213. For 1943 and 1944 it was \$207.95, and last year \$212.11. In the urban schools the salary was \$143.41, in the year 1939-40; \$148.55, three years later and \$160.00 last year. The average of all schools was \$109.01, \$120.00 and \$140.00 in these three respective years.

Alberta stands third highest, as far as the median salaries are concerned. For 1944, British Columbia was first, and Ontario second.

To date 10 towns and villages have been included in the enlarged school divisions.

The grant, last year in Alberta, on a per capita basis amounted to \$3.59, while in Saskatchewan the per capita grant was \$2.91. At the same time the per capita cost of education in Alberta was 5.78, while in Saskatchewan per capita was \$4.36. These facts are interesting in the light of reports regarding what some other provinces are doing in the field of Government grants.

A resolution has been introduced in the House by Hon. C. E. Gerhart asking the Dominion Government to maintain the present subsidy on crude oil and thereby not increase the price of gasoline by two cents a gallon. It further requests that the federal tax of three cents a gallon be removed. This resolution will be seconded by Mr. N. Cook.

The action of the Federal Government in reducing the subsidy on imported crude is to shift the payment to the consuming public and they will in effect be called upon to continue to pay the federal government's subsidy reduction. The Dominion subsidy on crude has applied only to imported crude and Alberta, producing wells have received no benefit from this subsidy during the war.

The resolution is receiving very strong support in Government ranks. A motion by Mr. N. B. James, seconded by Dave Ure requests a change in the Old Age Pensions Act to reduce it to 60 years. It asks that the amount of pension be increased to

\$50.00 a month, that the means test be eliminated, that the pension be non-contributory and that the Dominion Government utilize the nation's credit to make these pensions available. This resolution was debated for some time, but finally passed the House without a dissenting vote. The matter of Old Age Pensions will be reconsidered at the next Dominion Provincial conference, and it is expected that a more liberal pension scheme can be enacted.

Next week, it is my intention to give you the highlights of the Budget which will be introduced by the Premier.

GYRO Scientific Top

Many interesting and amusing experiments can be performed with this scientific top.

It will balance on top of a pin, also a pin point, knife edge and can be picked up by a piece of twine. You will want one.

On motion of Councillor Robinson, that the Monthly statement for the month ending February 28th, be accepted by Council and ordered filed with the records of this regular meeting.

On motion of Councillor Cork, that the communications received from War Assets Corporation concerning Fire Truck, be received and filed for future reference.

A written Report was at this time presented by Councillor Cork, Chairman of the Fire, Light and Utilities Committee and after quite a lengthy discussion of same, mainly in connection with the recommended purchase of an R.C.A.F. Crash Truck for Fire Protection of the Town, it was moved by Councillor Cork that the Report of the Fire, Light and Utilities Committee, bearing date of March 6th, 1946 be adopted by Council and that the recommendation contained therein be approved.

Wainwright, Alberta
March 6th, 1946

We, your committee on Fire, Light and Utilities,

beg to report as follows:

In the first part of February, your fire department answered a call to

FOR PROMPT

TAXI SERVICE

Phone 41

GEO. JACKSON A. JORDE

Mr. Rickers property on 2nd avenue west, and with chemical equipment extinguished a fire in the hen house at the back of the lot, which, seriously threatened the dwelling at the front. On that trip, through drifted snow and in sub-zero weather, engine trouble developed in the truck, and after two visits to the back shop, clearly indicated, in our opinion, that the load was deemed necessary to take to a fire was too heavy for our truck in tough going. However, we are following up every suggestion to get the best service out of the situation.

At 25 minutes to one Sunday evening February 24th, Mr. Killy phoned a fire call from the hotel that his house two miles in the country was on fire. Fire men responded to phone calls to make the trip but before the truck could be made ready by removing heavy equipment, which is useless out of town, and adding extra water, the house had become completely enveloped in flames as could be plainly seen at 1:15 a.m. from the upper floor of the fire hall. It was then agreed that the property, to be of service to that property, with chemicals, had passed.

Since the last council meeting the secretary received a letter from the War Assets Corporation in reply to several queries council has made for released fire trucks. It stated that a very complete fire fighting unit in the form of a crash truck had recently been released at Lebridge airport, and as these units were eagerly sought by towns and cities across Canada, an early reply was necessary. Your committee have held meetings with service men who have had experience with this type of equipment, the majority of whom are enthusiastic for its purchase, while others would pick a different type if there were any choice, but all agree that bought under the present set up the quality and price are greatly in our favor and the opportunity to improve our equipment should be accepted.

We therefore recommend that the secretary-treasurer be instructed to forward a marked check to War Assets Corporation for \$3909.62 as payment in full for the crash truck unit and equipment referred to by serial No. 12705. Also forward the purchase order and arrange for the time and place of release.

Respectfully submitted,

EARL L. CORK

On motion of Councillor Cork, that in connection with interview with Province Report of the Secretary in connection with Authority in relation to Proposed Water and Sewage Town Project be received and that the recommendation contained therein be complied with.

Re: WATER & SEWAGE PROJECT
Report of Delegation commissioned to interview Board of Public Utility Commissioners and the Provincial Department of Public Health.

On the morning of February 26th, Mr. J. A. MacKenzie and your Secretary interviewed Mr. D. B. Menzies of the Provincial Department of Public Health and submitted the draft by-laws prepared in relation to the proposed Town water and sewage

project. This interview was continued during the afternoon of the same date when your delegation, together with Mr. Menzies, sat in with Mr. Bruce Menzies as a member of the Board of Public Utility Commissioners.

Quite a lengthy conference was held at this time and it was agreed, that in the absence of Mr. Blackstock (Chairman of the Board), and to give the Commissioners further time to consider our prepared by-laws, that they would meet again at the end of the present week and forward their findings on same to the Town Office in the form of a Report.

A communication has now been received from both Mr. Menzies of the Provincial Department of Health and also a Report from Mr. Thibault, Secretary of the Board of Public Utility Commissioners, but owing to the present indisposition of Mr. MacKenzie and the short period of time since the receipt of these papers, the preparation of a full Report of your delegation has been found impossible for presentation at this meeting.

It is recommended, that as soon as circumstances permit, that the Committee on Fire, Light and Utilities, meet in conjunction with the Town Solicitor and the Secretary, to consider in detail the several recommendations submitted by the two Provincial Boards.

Respectfully submitted,

DON PAWSEY

As a member of delegation, on motion of Councillor Stafford, that assent be given to the introduction of a by-law concerning the sale of Lot 6 in Block 24, Plan 6445-V, to William Hansen of Wainwright for the sum of \$5.00.

By-Law Number 479 then received its three readings in regular form.

On motion of Councillor Robinson, that Patriguin and Johnstone & Co., Chartered Accountants, Tegner Bldg., Edmonton, receive the appointment as Auditors for the Town of Wainwright for the year ending December 31st, 1946.

On motion Council was regularly adjourned.

CANADA'S LARGEST MUTUAL FIRE INSURANCE COMPANY

Fifty years ago, twenty sturdy pioneers of the Wawanesa district gathered together and organized a mutual insurance company. It completed its first year with a net surplus of only \$5.98. Today the Wawanesa is the largest fire mutual in Canada.

This phenomenal growth didn't just happen. It reflects a combination of early vision, courageous leadership, dependable protection at cost, prompt and fair settlement of claims, and the complete confidence of an ever-increasing host of members.

NEWS & VIEWS OF TOWN AND DISTRICT

BORN—To Mr. and Mrs. J. Germaine
of Chaurin at the Wainwright
municipal hospital on March 11th,
a girl.
BORN—To Mr. and Mrs. F. Boles of
Hugghenden at the Wainwright
municipal hospital on March 10th,
a boy.

In the issue of February 20th, Jack
Perkin's name appeared in the class-
ified ad column as having received
tickets in the theatre draw for a
Credit Union story submitted to the
Star. This had no connection what-
ever to the ad in which it appeared.

Mr. C. Graumke is in Edmonton this
week taking the short course spon-
sored by General Motors in 1946
automotive engineering.

LT. Lillian Tweedy, M.S. was a
guest at the home of Mrs. E. Turner
for a few days last week. Miss
Tweedy recently returned from over-
seas duty in England, France and
Germany as a nursing sister. She
served in the Wainwright hospital
at one time and will be remembered
by many friends here.

In order to comply with regulations
the Elite theatre is being completely
rewired with Turner Electric doing
the job.

Dr. J. D. Wallace was home to
visit his family over the week-end
returning to Edmonton on Monday.

Miss Doris Johnson left Sunday
morning for a business trip to Ed-
monton and plans to visit friends in
Camrose while away.

Mrs. W. J. Pollard was the lucky
winner of those fluffy yellow chicks
displayed in Patterson's store window
last week.

Mr. Stan Ryan was a tripper to
the city for a few days last week.

The redecorating and renovating
program at Buckle's Hardware is al-
most completed and the store looks
very smart with the white shelves,
new window platforms and display
tables.

Mrs. Charles Olson and baby daugh-
ter returned to Edmonton last week
after visiting with her mother, Mrs.
Nelson in town.

Mrs. Mary Gaudin left for Cal-
gary on Sunday as a delegate from
Adeline Rebekah Lodge to attend the
sessions of the Rebekah Assembly
being held there this week. She was
accompanied by Mrs. W. J. Hunting-
ford.

At The Churches

Subject: "The Spirit of Christ"
A hearty and cordial invitation is
extended to all.

Remember the Presbyterian Ad-
vance for Christ and Peace Thank-
Offering.

Mrs. Irene Miller and Roy Reynolds
spent the week-end with their par-
ents in town returning to Edmonton
on Monday morning's bus.

Mrs. A. Harden was a visitor to
the city for a few days last week.

Miss Shirley Miller was a week-end
guest at the home of Miss Bea Sny-
der and Miss Jean Cardell.

Mr. Geo. Reynolds returned from
the city on Friday last much improv-
ed in health and it is good to see him
up and around again.

FARMERS: The local Co-op Live-
stock Association have made arrange-
ments to ship feeder hogs weighing
from 100 to 160 lbs. to Edmonton to
be sold on a live basis. The freight
cost will be the same as those for
cattle and hogs and this short haul
should be an advantage. Phone C. R.
Greer, Agent. (273)

Miss Eileen Graumke is a visitor to
the city this week on holidays from
her duties at the local Co-op Store.

Misses Bea Snyder and Jean Card-
ell were home from Edmonton over
the week-end to visit their respective
parents.

Mr. A. S. MacLellan is a patient in
the Royal Alex hospital in Edmonton
these days and we wish him a speedy
recovery.

Lionel McLeod spent the week-end
with his parents in town returning to
his studies at the University on Mon-
day.

Mr. W. D. McGee is now employed
at the depot as new C.N. Express
agent to replace Mr. A. Joyce, re-
cently transferred to LaPrairie, Mani-
toba.

Miss Molly Patterson arrived home
on Saturday from Victoria, B.C.,
where she has been employed for the
past several months.

Mrs. Gordon Huntingford arrived
on Friday's bus to visit at the home
of Mrs. W. J. Huntingford.

Mrs. Pawling had as her guest
over the week-end her niece who is
a dietitian in a Saskatoon hospital.

JUNIOR C.G.T.

The Anchorettes met in the P. T.
room of the High School. Ruth Wel-
lace acted as leader. The opening cer-
emony was followed by a worship
service by Ruth. After a short busi-
ness meeting the girls worked on
their scrap book. We closed by sing-
ing "Thank You". The next meeting will
be held at the home of Mrs. Novak.
Eileen Novak, leader. Mrs. Perkins
will speak to the group.—R.W.

Horses for Processing

The Horse Co-op in Edmonton is now in a position to
slaughter and process horses for export.
Farmers who have surplus horses may ship them
through their local Co-op Shipping Association who will
make car lots.

Canadian Garden Service

Make Sure They Will Grow in Canada

There are a lot of beautiful flowers
and shrubs that will grow well in the
Southern States or in the mild climate
of England that will not do well in
Canada. One wastes money, time and
work in trying them here. Our cli-
mate, soil and other conditions are
not suitable, just as their conditions
do not suit certain things that thrive
abundantly here. To guard against
the discouraging efforts to produce
these tender plants here one is ad-
vised to stick to those flowers, shrubs
and vegetables that are specially re-
commended for Canadian conditions.
The latter are the varieties and types
listed in the Canadian seed catalogues.
These have all been tested under
Canadian conditions and they are the
only ones recommended by the Cana-
dian authorities.

Columnists have poked some good-
natured fun at the glowing pictures
and descriptions in the seed cata-
logues, but as a matter of fact these
listed and pictured in Canadian pub-
lications are based on actual fact.
The pictures are invariably actual
photographs and any gardener of
reasonable experience can reproduce
them faithfully in his own backyard.
In addition, there will be found in
most Canadian catalogues a lot of
useful information regarding season,
time of flowering or, in the case of
maturity, time of reaching maturity.
Experts advise all beginners to get
a good Canadian seed catalogue and
possibly some of the government
bulletins covering local conditions.
Armed with this literature and good
seed, satisfaction is guaranteed.

Gardening According to Plan

Seeds and shrubs or plants from
the nursery are such little things
that it is hard to realize just what
will happen when full growth has
been developed. The beginner almost
invariably plants far too close togeth-
er. Certain things like the small an-
nual flowers and vegetables like let-
tuce, beets or carrots take up little
room—two or three inches between
and rows about a foot apart are all
that are necessary. But there are
other things that will need much
more room. Tall, bushy flowers like
cosmos, or zinnias for instance, need
a foot or two each way. In the vege-
table line, corn, potatoes, peas, tom-
atoes, melons, cucumbers and such
require plenty of room. If crowded
there will be little space for the gar-
dener to wield the hoe or cultivator.
With shrubs, ornamental trees and
vines, space is even more important
because these keep on growing year
after year. The average shade tree
will grow 25 to 30 feet high, and for
proper, full development will need
from 20 to 40 feet each way at ma-
turity. Shrubs that have a mature
height of ten feet need at least five
feet between.

Radiograms

Would you believe it? We chatted recently with a 17 year old girl who had just seen an automobile, a street car, a large building for the first time—yet has travelled thousands of miles by plane.

When she arrived at C.J.C.A. she had just experienced another strange sensation. She rode in an elevator and found that it "felt funny inside".

She is Doris Kukupah, an Eskimo girl from Reed Island on the tip of Coronation Gulf, North West Territories.

Last month she was flown to Norman Wells to receive medical care but after the hospital was destroyed by fire, Doris was taken by plane to an Edmonton hospital.

Thanks to a Hudson's Bay factor and his wife, Doris speaks English exceptionally well—so well in fact that Hal Yerxa, C.J.C.A.'s newsmen, conducted an interview with her on CBC News Round-Up.

Clad in a deerskin coat and parka and wearing mukluks, Doris is a source of curiosity wherever she goes.

TENDERS FARM FOR SALE

TENDERS marked 42619 addressed to the Clerk of the Supreme Court, Court House, Calgary, Alberta, will be received up to 11 o'clock in the forenoon of the 30th day of March, 1946, for the purchase of the S.W. 1/4 of 33-44-3W, 4th Mer. Location: 7 1/2 miles from Edmonton, Alberta.

Sold: 125 acres arable, 85 acres cultivation.

Buildings: House 16 x 28, Barn 12 x 28 Shed 10 x 30.

Fencing: 1/2 mile on west side.

Terms of Sale: 5% with tender; 20% on acceptance of tender; 25% in one year; 25% in two years and 25% in three years from the date of acceptance of offer, with interest at six per cent (6%) per annum, or all cash at the option of the purchaser.

Always to be marked "Tender". In all other respects the standard conditions of sale will apply.

Tenders must be accompanied by marked cheque for 5% of the offer, which will be returned in the event of non-acceptance.

No tenders necessarily accepted.

Possession will be given upon acceptance of tender and upon payment of twenty-five per cent (25%) of the purchase price, plus the sum of \$2.00 per acre for any summer-fallow work done during the 1945 crop season by the present occupant of the land and subject to the present rights of the tenant in possession.

For further particulars apply to JAMES MCCAGG, K.C., Solicitor, C.P.R. Department of Natural Resources Building of the Canadian Pacific Railway Company, Corner 9th Avenue and 1st Street East, Calgary, Alberta.

DATED at the City of Calgary in the Province of Alberta, this 4th day of February, 1946.

"J. H. CHARMAN"
Acting Clerk of the Supreme Court.

APPROVED:
"H. J. M.", J. S. C.
